MBNZ shall not be liable under this warranty or otherwise for any loss whatsoever (including any indirect, contingent or consequential loss, including without limitation penalty rates, downtime and freight/load loss) resulting or that may result from any defect. Our liability in all circumstances will, whenever permitted by law, be limited to the repair or replacement of any defective part or parts or the payment of the cost of any such repair or replacement as we in our sole discretion determine to be appropriate. Our total liability under this warranty is limited in aggregate to the purchase price of the vehicle (excluding the value of third party goods and services). The decision of MBNZ in the case of all claims shall be final and conclusive.

A. Your Warranty

This warranty is between you and MBNZ. It is made up of:

- (a) the warranty application form; and
- (b) this booklet.

Together these documents set out the terms, conditions and exclusions of your warranty. It is your responsibility to ensure that the details contained in the warranty application are correct.

B. Warranty Period

This warranty is only valid during the warranty period and is not transferable.

The duration of the warranty period will depend on how much of the manufacturer's vehicle warranty (if any) remains when the vehicle is delivered to you. Please ensure that you understand how the warranty period is calculated, and MBNZ takes this opportunity to ask you to familiarise yourself with the definition of "warranty period".

C. Cancelling This Warranty

You may cancel this warranty at any time by writing to MBNZ to request cancellation. In which case, the warranty will cease to apply from the date we receive your written request.

We may cancel this warranty in any of the following circumstances:

- (a) at any time when you have not fully complied with the conditions of the warranty; or
- (b) if we reasonably believe that a claim made under this warranty is fraudulent, misleading or deceptive in any respect.

If we cancel the warranty, the warranty will not apply to any claim made by you if that claim has not been processed by the date of cancellation.

This warranty will be void and automatically cease to operate if the vehicle:

1. is modified from the manufacturer's original specifications, unless approved in writing by MBNZ;
2. is not serviced throughout the warranty period as recommended by us (see section 3);
3. is at any time used or tested in preparation for any form of motor sport, competition, rally or race;

The warranty does not cover any servicing, maintenance, adjustment, upgrade, modification, and/or re-programming required to any covered component, or the cleaning of any covered component (including the removal of any algae, carbon, or sludge).

Parts used in repairing your vehicle may either be new or reconditioned (at our option) and will be commensurate with the age and condition of your vehicle.

There will be some instances where repairs cannot be authorised until your vehicle has been dismantled. In these cases, we will need your authority to dismantle your vehicle for proper diagnosis prior to commencing any repairs. Provided that the problem is covered by warranty, repairs will be authorised and you will not be charged anything extra for dismantling and reassembling your vehicle. In instances where the problem is not covered by this warranty, you will be responsible for all costs associated with dismantling and reassembling your vehicle.

3. Servicing your vehicle

You must ensure that all services recommended by the manufacturer are performed in accordance with Mercedes-Benz requirements. This is found in the Maintenance Service Booklet or available from your dealer service department. Vehicles with a Maintenance Booklet must be stamped and dated with the correct kilometres by the repairer that performs the servicing. This information will be needed in the event of a claim. Failure to get this done may void your warranty. Later models may operate a digital service schedule meaning all completed service information conducted by the authorised network is stored by Mercedes-Benz.

These workshops are equipped with qualified factory trained personnel and state of the art manufacturer's diagnostic equipment. You are free to go elsewhere, but you risk the warranty no longer applying if your non-authorised repairer causes a fault.

All malfunctioning covered components removed from your vehicle as a result of being replaced under this warranty are the property of MBNZ.

If you do not comply with these servicing requirements, MBNZ may (at its absolute and unfettered discretion) refuse a claim or cancel this warranty.
